Date- 18th-22th December 2018

Number of Participants- 31

Venue:- CAD Lab, D-Block

Event Report

The FDP started with basic knowledge of the subject Engineering Graphics and Design followed by the basic command used in Auto-CAD. Most common commands used in making simple part design. The knowledge of fit and tolerance was also taught to all the participants. Er. Manjit Singh, CAD Centre Mohali and Er. Sandeep Singh A.P. (ME) were the resource persons. Use of commands like Line, circle, copy, trim, Object snap, Extend, Offset, Scale, Rotate, setting, printing, drafting, extrusion and the practice sessions were also conducted for all the participants. After the end of the session feedback was taken from all the participants and it was good. Total 31 participants attended the FDPs. Certificates were delivered to all the participants.

Out-Comes:- The participants are expected to do the following:

- To use various commands available in AutoCAD.
- To Create 2D and 3D computer drawings and models.
- Evaluate computer aided design models and assemblies based on critical thinking and problem solving skills.

Title: Managerial Skills Through ICT

Category: Short Term Course

Date: 10th - 14th Dec 2018

No. of Resource Persons: 7

No. of Participants Registered: 28

Mode of conduction: Virtual using Google Meet

Organizers: Department of Management, Gulzar Group of Institutions in association with NITTTR Chandigarh

A five days short term course on Managerial Skills through ICT was successfully conducted by the Department of Management, Gulzar Group of Institutes, on 10th Dec – 14th Dec 2018, in association with NITTTR Chandigarh. In this short term course Expert from the prestigious institutes delivered lectures on various topics related to Managerial skills, time management, team building, performance appraisal etc. 28 faculty members of GGI have attended this online course. The course was premeditated for faculty of Management and Technical Institutions so as to persuade and motivate them to understand the importance of managerial skill for employability. The course gained significance due to the current focus of enterprises on important role of managerial skills for proper functioning of an organisation. Person equipped with an optimum level of managerial skills helps in decision making in tough conditions and help to become an effective leader. Hence, it was hailed as a timely learning opportunity by the participating faculty. Prof. (Dr.) Vijay Athawale, Director, GGI was the in-house Chief Guest for this Course and acknowledged the efforts of EDC Department – NITTTR, which is flourishing under the headship of Prof. (Dr.) S.K. Dhamija, for providing this learning opportunity to the faculty and expressed his fervor for more such courses to be organized in future at higher frequency. During the Valedictory Session, Dr. Sangram Singh- Convener of the course and Head – Department of Management Studies (MBA), GGI, laid down the importance of managerial skill development for students to become an effective manager. He also said that possession of managerial skills have a significant impact on job performance and can open doors of numerous opportunities

Learning Strength of Materials Lab
(20th to 24th Aug 2018)

Event Name- One Week Staff Development Program on the Topic “Learning Strength of Materials Lab”

Date- 20th-24th August 2018

Number of Participants- 6 (Technical Staff Members)

Venue:- SOM Lab, D-Block

Event Report

A skill development training program on the strength of machines was organized by the Department of Mechanical Engineering for the skill development of technicians of the department. The objective of the solid mechanics workshop was to work upon various machines available in SOM lab such as universal testing machine, fatigue testing machine, hardness test, compression test, impact loading test such as Izod and Charpy, torsion test on different materials and to evaluate deviation of the reading so obtained with the theoretical value. A separate session is given to technicians for plotting different curves and tables. The training program was conducted smoothly and as per the schedule covered all the framed objectives of the same.

Program Outcome: By successfully attending this activity, participants will be able to:

- Conduct various tests on UTM.
- Operate Fatigue Testing Machine.
- Conduct Izod and Charpy test.
- Perform Torsion Test on Torsion Testing Machine.
- Learn how to plot different curves such as stress-strain diagram, Torsion vs Angle of Twist.

Date- 14th-19th May 2018

Number of Participants- 40

Venue:- Seminar Hall, E-Block

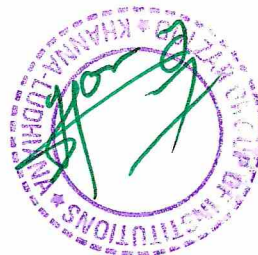

Event Report

AICTE-ISTE Sponsored 6 days Faculty Development Program was conducted at “Gulzar Group of Institutes”, Khanna, Ludhiana from 14th May 2018 to 19th May 2018 on the topic “Advance Technologies in Automobiles with its Impact on Environment and Applications of Renewable Resources of Energy” under the aegis of its “Department of Mechanical Engineering”. 24 Resource persons were called for having Sessions on the above said topic.

Er. Gurkirat Singh, Executive director of GGI after formally inaugurating the Program, addressed the participants about the importance of being aware of advancements in Mechanical Engineering and emphasized the need for inculcating these issues along with the curriculum. He also opined that every advancement in the technology must be made aware to the Faculty and students at their academic and professional level itself so that they can choose their career in the best research and development channel of their interests.

Prof. Birinder Singh, GGI, also advised the faculty to frequently update their knowledge in the domain of their interest and suggested them to educate their students with ethical values while keeping them updated about the recent multi-faceted growth in the technology. He also emphasized that it's the primary responsibility for the teachers to make their students as best citizens besides technologically skillful.

Kanwar JS Gill, Dean (R&D), Dept.of Mechanical Engineering, GGI, said that GGI is always a step ahead in conducting this kind of FDPs every year, for the benefit of their students through the faculty. He said ,total 40 Faculty Participants had participated in this program, out of which 07 Participants were from outside States, like Chandigarh, Haryana, Himachal Pradesh and New Delhi, 09 faculty from the host college, and 24 faculty members from far and nearby engineering have participated in this FDP.

A one day faculty development program on the topic “Shifting Your Paradigms and Become Proactive” was organized by Gulzar Group of Institutes for its faculty members. Mr. Dilbag Singh, Director Brain Power Mohali and Ms. Anjali (Motivational Trainer) were the resource person. The main objective of this workshop was to enable the faculty to understand the importance of the psychological prospective of students. The speaker focused on making everyone aware that every student is different and special. The teacher should just adopt some of the methods to counsel them towards identifying and achieving their goals. Session-2 of the day was delivered by Ms. Anjali, a motivational speaker. She introduced some fun filled games with teachers which they can use while teaching their subjects. At the end Executive Director GGI said that such FDPS make faculty more competent with learning current pedagogies and later they apply on the students as well.

छात्र की मनोस्थिति को समझकर उसके जीवन में बेसिक फैलाने वाला बने। आज की अत्याधुनिक दुनिया में प्रोफेशनल कोर्स छात्रों को अपने भाव्य की योजनाओं के प्रति उत्साहित है। जबकि उनके अध्यापक अनुभूतिकार होते हैं और उनकी मनोस्थिति को समझते हुए उनकी उत्सर्गों को सुनाकर कर सही तरीके से सुझाव दे सकते हैं। संस्थान के चेयरमैन गुलज़र सिंह ने

अध्यापकों को संबोधित करते हुए कहा कि प्रोफेशनल शिक्षा हासिल करने वाले छात्रों के लिए उनका अध्यापक एक अहम कड़ी होता है, जो उनकी अंदरूनी प्रतिभाओं को निखारते हुए छात्र के लिए सफल जीवन के रास्ते खोलने में सहायक हो सकता है। इसलिए हर अध्यापक को अंतरराष्ट्रीय स्तर के मापदंडों के साथ अवगत होते हुए छात्रों को सही जानकारी देने के कर्तव्य
